AspenTech DataWorks Community

Online Community to Collaborate, Share Knowledge and Build Connections

The AspenTech DataWorks Community helps advance customers' digital transformation by providing insights and solutions to meet the high expectations of both OT and IT teams. The Community enriches the journey for these teams by facilitating easy access to domain expertise.

Connecting customers to like-minded industry professionals, official partners and AspenTech team members, the AspenTech DataWorks Community encourages collaboration by enabling the sharing of ideas and experiences, ultimately expanding the knowledge of every member.

Key Benefits

Complimentary for Customers and Partners

The AspenTech DataWorks Community is free of charge for customers or partners who have purchased an AspenTech solution or service. We hope enabling better collaboration is one way to help them get more from their investment.

Gain Insights, Share Ideas

The AspenTech DataWorks Community provides a collaborative online space for members to ask and answer questions about AspenTech solutions and services, and to share ideas with other industry professionals.
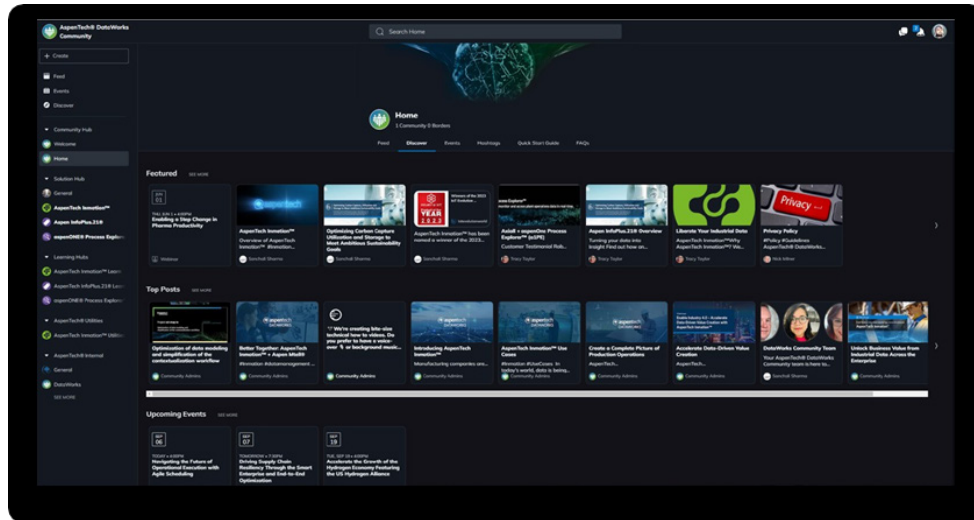

Access Anywhere

Access the AspenTech DataWorks Community from anywhere with an iPhone or Android device, to stay connected with the team and receive the most up-to-date information.
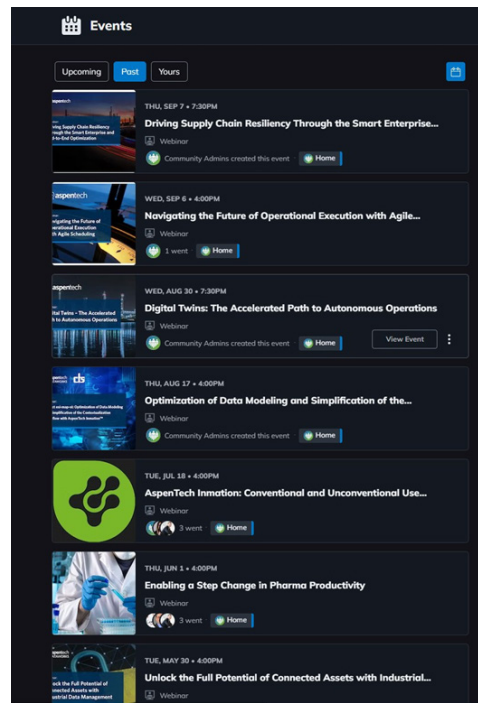

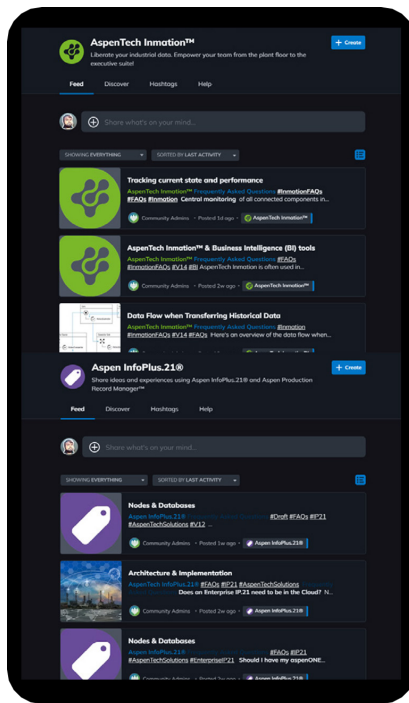

Access to Learning Resources

The community empowers members to learn more about AspenTech DataWorks solutions and services through a range of business-focused, self-learning bite-size videos and articles.
